KSU ACCESSIBILITY AND DISABILITY RESOURCES

Mission

The mission of the Office of Accessibility and Disability Services is to facilitate equal access to KSU's campus, programs, activities, and services, under federal and state regulations and University policies. We support this mission by applying eligibility guidelines and coordinating the delivery of appropriate accommodations so that students with disabilities can pursue their educational goals.

Vision

The vision of the Office of Accessibility and Disability Services is to provide equal access and opportunities throughout the campus to individuals who have a disability, for academic and social success. We advocate for reasonable accommodations, removal of barriers, and acceptance of different learning methods. In partnership with students, faculty, and staff, our purpose is to achieve an accessible educational environment where students with disabilities have an equal opportunity to fully participate in all aspects of the university community.
