### ***Mission***

In alignment with the University's Mission, the Kentucky State University Office of Student Wellness and Experience seeks to improve Kentucky State University Scholars' holistic wellness and development by providing exceptionally compassionate student-centered care.

### ***Vision***

To support the holistic development of students by providing quality mental, emotional, and physical health care services to our students. The vision is to establish a national student engagement, wellness, and success model.

### ***Values***

***Wellness-*** We believe that our students should be well mentally, physically, emotionally, and spiritually and will provide treatment, resources, and care to ensure that they are.

***Safety-*** We believe that students of diverse backgrounds can receive quality care in an environment that allows them to be free from fear, discrimination, intimidation, or exploitation.

***Support-*** We believe that it is the role of all staff to engage scholars and provide a space that fosters growth and learning
