SUPPLY CHAIN MANAGEMENT (SCM)

SCM 320: Sourcing
All organizations need to acquire goods and services for use, and many acquire them for resale. The many purchasing principles that have been developed to assist firms in deploying their resources effectively will be studied in this course. The perspective of this course is that organizational and customer needs satisfaction serve as the motivational factor underlying the processes. Credit: 3 semester hours.
Prerequisite: MGT 352
Credit Hours: 3
Contact Hours: 3
